55. "As regards the accounts of the Sri Vasavamba Matt [illegible] the debits of the Institution as now compiled and exhibited in the several Taluk statements do not represent the exact situation of the Matt's funds which cannot be determined without reference to the detailed revenue accounts of the extensive estates of the Matt such as have been collected by me in respect of the Sri Sivaganga Matt. No such accounts are forthcoming. The management was till recently [illegible] hands of the Muzrai Superintendent who had the services of a special Government agent; but these have not maintained any accounts of the funds of the Matt. The Muzrai Superintendent's office has kept a book showing the remittances received in the office from the Government agent and the lessees of the Matt's estates and payments made therefrom for varous purposes of the management. Even these accounts cannot be said to be complete, and in the absence of the Revenue accounts of the Matt's estates which ought to have been furnished by the Government agent, it is not possible to attempt any compilation of the accounts of the Matt's funds such as has been done in the case of the Sri Sivaganga Matt."
